Safety Data Sheet
Cemimax DL59 SELFLEVELLING

1. Identification of the product and company
1.1 Product name
Cemimax DL59 SELFLEVELLING
SHANGHAI NATURE BUILDING MATERIALS CO., LTD.
NO.4 th.floor,The 9 th Building Kangjian Plaza.NO.1228 Zhennan road,Putuo district,Shanghai PRC.
TEL:86-21-64859010 FAX:86-21-64859020
1.2 Manufacturer

2. Composition/information on ingredients
Cement smoothing compound based on special cements, calcium sulphate, quartz sand and chalk.

</tr>
</tbody>
</table>

3. Hazards identification
The cement content in this product makes the following labeling required:
X Irritant Contains cement

Special hazard instructions:
R38 Irritating to skin
R41 Risk of serious damage to eyes

Additional information: Low in Chromate(< 2 ppm) acc. Directive 2003/52/EC
Very low emission, EMICODE EC 1.

4. First-aid measures
After skin contact: Wash with water and soap.
After contact with eyes: Rinse thoroughly with water and consult a doctor.
After swallowing: Consult a doctor, show this label/safety data sheet.

5. Fire-fighting measures
No special measures required. Extinguishing agents should be appropriate for the location.

6. Accidental release measures
Collect together spilled material and dispose according to local and national disposal regulations. Do not allow to disperse into water systems.

7. Handling and storage
7.1 Handling
Avoid producing dust as well as contact with eyes and skin. When mixing wear a protective dust-mask.
At breaks and end of work, wash hand and apply skin cream.

7.2 Storage
Protect from water and moisture.

8. Exposure limits / personal protection
8.1 Exposure limits
Ingredients with limit values that require monitoring at the workplace:

</tr>
</tbody>
</table>

8.2 Personal protection
Avoid contact with eyes and skin. When mixing wear a protective dust-mask.
Protection of hands; Use nitrile impregnated cotton-gloves.
In case of splashes or formation of dust wear safety goggles.
At breaks and end of work, wash hand and apply skin cream.

9. Physical and chemical properties
Form: Powder
Colour: grey
Odour: of cement
Density (20°C): app. 1100kg/m³
Solubility in water (20°C): Sets hydraulically with water
Flash point: not applicable
Ignition temperature: not applicable
Explosion limits: no risk of explosion
pH-value: app. 12

10. Stability and reactivity
When used as stated, produces no thermal decomposition, no hazardous products of decomposition and no hazardous reactions.

11. Toxicological information
The product reacts with water and moisture to produce strong alkaline and long exposure can,
therefore, lead to irritation of the skin.
Primary irritant effect:
On the skin: Irritant to skin and mucous membranes.
On the eye: Strong irritant with the danger of severe eye injury.
Sensitization: Law in chromate, therefore no sensitizing effects known.
The cured, solidified product is non-irritant.

12. Ecological information
Do not allow the product to disperse into drains, sewers or ground.

13. Disposal considerations
Where possible, collect product residues and re-use. Do not allow to get into drains, sewers or ground.
Empty, dust-free paper packaging is recyclable. Collect waste product, mix with water, allow to harden
and dispose as construction waste.

14. Transport information
Not hazardous goods according to transport regulations: Road Transport, Sea Transport, Air
Transport.

15. Regulatory Information
Other regulations
If other regulatory information applies that is not already provided elsewhere in this safety data sheet,
then it is described in this subsection.

16. Other Information
Recommended use: Raw material, for industrial use only
Any other intended applications should be discussed with the manufacturer.
